

ECUADOR & THE GALAPAGOS ISLANDS

16 DAYS - STARTING QUITO 8th APRIL 2022

ECUADOR & THE GALAPAGOS

Trip Outline

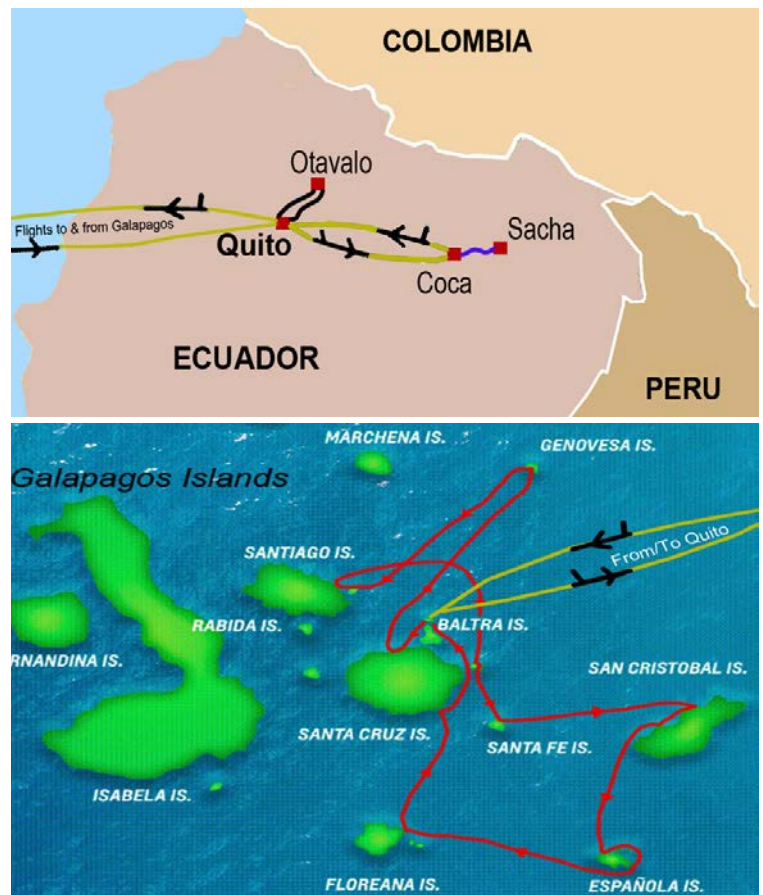

Ecuador is a microcosm of South America. Within its borders lie snow-capped mountains, smoking volcanoes, giant rivers, lush tropical coastal plains and dense jungle. And if this isn't enough to tempt the adventurous traveller then 1,000 km off the coast lie the world famous Galapagos Islands. These volcanic peaks, rising from the ocean floor, are home to many unique species of wildlife. Charles Darwin's observations of the islands' flora and fauna played a substantial part in the formulation of his theory of evolution. On this trip you will get to experience the many different facets of this intriguing country.

Your Ecuadorian adventure starts in the picturesque and colourful Andean town of Otavalo. The town is famous for its wonderful Indian arts and crafts market. We then visit Ecuador's capital Quito. Founded by the Spanish on the ruins of an Incan city, today the colonial centre is a UNESCO World Heritage site. You discover the city's highlights and travel out to 'Mitad del Mundo' to stand upon the Equator line.

A short flight over the Andes brings you to Coca where a motorized canoe on the Napo River brings you to Sacha Lodge - one of Ecuador's premiere rainforest lodges in the heart of the Amazon rainforest. With your expert rainforest guide you learn about the flora and fauna of this important biosphere. Walk atop the Canopy Bridge to see the forest from a different perspective. Seek out caiman, sloths, monkeys and an amazing assortment of stunning birdlife. Learn of the medicinal properties of plants and the traditions and beliefs of the native Indians. All this and more from the comfort of Sacha Lodge. After three nights in the rainforest you return to Quito for your flight to the remarkable Galapagos Islands.

On arrival at the Baltra airport you will transfer to the 'Fragata' which will be anchored nearby. The month of April is a wonderful time to be in the Galapagos and it's a great time to be joining a small group wildlife cruise. The weather is warmer, the seas are calmer and there is good underwater visibility. The warmer weather of February, March and April is when many of the land birds, sea lions, turtles and tortoises that you'll find on the Galápagos are breeding or nesting.

For the next week you will observe, swim and wander with some of the most amazing and friendliest wildlife on the planet. The wildlife, the flora and the dramatic geology of the islands will leave you spellbound. At the end of your time in these remote islands you will catch your flight back to Quito and to the end of your Ecuador adventure.

2022 ITINERARY STARTS IN QUITO

FRI 8 APR: QUITO-OTAVALO – Upon arrival at Quito airport you will be met and transferred to your hotel in the picturesque Andean town of Otavalo. There are no activities planned so the remainder of the day is at your leisure.

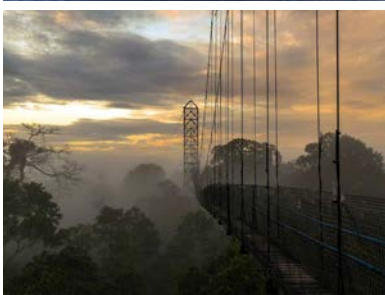

SAT 9 APR: OTAVALO-QUITO – Today you will explore the town of Otavalo, famous for its indigenous market. Saturday is traditionally the biggest market day of the week and the most colourful. Later you visit Cotachi village, known for its leather and a great place to meet local craft workers. You'll visit the Cuicocha crater lagoon before heading to Quito in the late afternoon. (B)

SUN 10 APR: QUITO – Following breakfast you start your tour of the colonial centre of Quito. First stop is at the neo-gothic Basilica Church and then the Plaza Grande, home to the Presidential Palace, the national Cathedral and the Archbishop's Palace. A highlight is the baroque La Compania Church with its volcanic stone face and its gold laden interior. In the afternoon you venture out to the 'Mitad del Mundo' monument situated on the equator line. Here you visit the Intinan Museum where you can experience a captivating combination of physics, folklore and Ecuadorian culture. You return to Quito in the late afternoon. (B)

MON 11 APR: QUITO-COCA-SACHA LODGE – This morning you transfer to the airport for your short flight over the Andes to Coca. This small city is located in the Amazon Rainforest at the confluence of the Coca and the Napo Rivers. Here you join motorised canoes on the Napo River and travel 2 hours downstream to Sacha Lodge situated on the edge of the Pilchiococha Lagoon. After settling in there is time to visit the Butterfly Centre, a magical place where you can observe a plethora of exotic butterfly species and learn about their life cycles. Following your first dinner in the jungle those who are feeling adventurous can head out on an evening walk through the rainforest to see different species of insects, snakes and other creatures only visible at night. (BD)

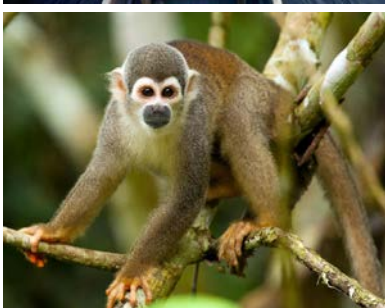

TUE 12 APR: SACHA LODGE – After an early breakfast head to the Canopy Bridge, one of the features making Sacha Lodge truly unique. Here, you can walk 275 meters through the forest at an altitude of 36 meters; a magical experience! It affords an excellent view of the canopy, where you can spot beautiful bird species and, with some luck, monkeys jumping from tree top to tree top. You then follow a trail through a Terra Firma and Igapo forest, while the native naturalist guide explains the flora and share their knowledge about traditional medicinal plants. After lunch you can choose between two hiking options. The first has a low difficulty level and leads you along the Napo River, while the second is a bit more challenging, following the Leoncillo Trail and giving you the opportunity to spot the dusky iti monkey. In the evening, a wonderful dinner is served in the restaurant. (BLD)

WED 13 APR: SACHA LODGE – After breakfast, you begin your hike along Lagartococha. Besides enjoying beautiful nature, this trail also offers us the chance to learn more about the local people and their relationship with the forest. During the hike, your guide tells us more about the native people's beliefs. When you arrive at Lagartococha Lake, you take small canoes to explore the swamp and look for anacondas, caimans, and capybaras. Your group continues the hike on the other side of the lake, where you may spot capuchin monkeys or squirrel monkeys jumping from tree to tree. Back at the lodge, you have some time to rest before lunch. In the afternoon, you can fish for piranhas from the terrace of the restaurant, after which you can join others in a dugout canoe safari, navigating over small streams in the swamp area that will bring you to one of the most peaceful places in the jungle. Keep your eyes wide open, because wildlife, like the lazy sloth, is hiding behind every tree. The canoes will bring you to an ancient Kapok tree where a wooden tower allows you to see a stunning sunset from above. Afterwards, you return to the lodge for dinner. (BLD)

THU 14 APR: SACHA LODGE-COCA-QUITO – After breakfast, you depart for a short walk over the boardwalks to hopefully spot monkeys and tropical birds one last time, before returning by motorised canoes back along the Napo River to Coca where you are brought to the airport for your return flight Quito. On arrival at the airport you are transferred back to your hotel in the colonial centre where the remainder of your day is free to make some further discoveries. There will also be a briefing this evening to discuss your trip to the Galapagos. (B)

FRI 15 APR: FLY QUITO-BALTRA-BACHAS BEACH – Today you will transfer to the airport for your flight to the Galapagos. The tiny island of Baltra is home to Galapagos' main airport, and this will be the starting point of your experience in the Galapagos Islands. Your bilingual naturalist guide will meet you at the airport and assist you during the transfer on-board the M.Y. Fragata which will be anchored nearby. There will be a welcome ceremony and briefing session. In the afternoon there is an excursion to the North coast of Santa Cruz. It's one of the main nesting grounds for sea turtles in the archipelago. There is time for a swim in the clear waters before heading back on-board. Each night after dinner there will be a briefing going through the next day's activities, explaining what you can expect to see, the type of landing, how much walking and whether you will be swimming or snorkelling. (BD)

SAT 16 APR: GENOVESA ISLAND – 'The Cliff' is a flat lava rock formation that can be easily accessed by wooden steps and provides an amazing view of the surrounding habitat; you'll find red-footed boobies, swallow-tailed gulls, the Galapagos dove and many other species among the Palo Santo trees and lava cacti during the 2km walk. Following lunch the boat visits Darwin Bay, home to colonies of frigates and a great variety of marine life. (BLD)

SUN 17 APR: BARTOLOME ISLAND-SANTIAGO ISLAND – Bartolome Island features distinctive lava formations and ash-cones, as well as a 375-step wooden stairs that takes you 114 metres above sea level to the top of the volcano where spectacular views of the bays below await you. The prominent "Pinnacle Rock" is located on this island and is one of the most visited sites in Galapagos. Following lunch you can enjoy an amazing snorkelling spot on Santiago Island where you can share the water with penguins and sea lions or relax on the lovely white sand beach. (BLD)

MON 18 APR: PLAZAS ISLAND-SANTA FE ISLAND – Plazas Island was formed out of lava and is now covered by the Opuntia cacti. It contains the largest sea-lion colony in the Galapagos, as well as yellow and red-land iguanas and numerous species of birds. Following lunch you'll take a trail through a forest of giant cacti on Santa Fe Island where you'll spot dozens of swallow-tailed gulls, petrels, and lava gulls. Afterwards, swim with sea lions in the lovely turquoise waters. (BLD)

TUE 19 APR: SAN CRISTOBAL ISLAND-WOLF ISLAND – Kicker Rock is a gigantic lava rock that sticks out of the Pacific Ocean's surface. The volcanic formation is split into two creating a surreal diving spot. The rock is frequented by an array of seafaring birds however the real attraction is the marine life: spotted eagle rays, sea turtles, white-tipped reef sharks, Galapagos sharks, and hammerhead sharks. The Witch's Hill on San Cristobal is home to blue and red footed boobies, rays and sea turtles. Following lunch you will visit Wolf Island (Lobos Island). There is no landing offered here but it is a great diving and snorkelling spot where the cold currents attract the rarer sea life. (BLD)

WED 20 APR: ESPANOLA ISLAND – A congregation place for the blue footed and masked boobies, Darwin finches, Galapagos doves, and from April to June the albatrosses make this part of Espanola their nesting grounds. Take the 3 kilometre trail and visit the colonies of sea lions and marine iguanas at the blowhole known as "El Soplador" (the blower) that sprays water 25 metres into the air. In the afternoon the boat moves to the eastern side of the island to Gardner Bay. This is the nesting ground for almost all of the world's 12 thousand pairs of Galapagos albatross. Gardner Islet offers a magical landscape both above and beneath the water surface. Many small fish can be seen while snorkelling around the site as well as sea urchins and starfish. (BLD)

THU 21 APR: FLOREANA ISLAND-SANTA CRUZ ISLAND – Floreana holds a large lagoon where flamingos come to feed. The green sanded beach owes its colour to the olivine crystals present in the soil and it is the perfect texture for the sea turtles to lay their eggs during their breeding season from December to May. The Devil's Crown is a wave-eroded volcanic crater surrounded by coral reef that creates an impressive underwater landscape where you'll be able to find schools of colourful fish, sharks and sea turtles. In the afternoon visit the Charles Darwin Station and learn about the Giant Tortoises as well as the origin and formation of the archipelago. (BLD)

FRI 22 APR: SEYMOUR ISLAND-BALTRA-QUITO – Seymour Island is famous for being a gathering spot for blue footed boobies, frigates, swallow-tailed gulls, marine iguanas and sea lions. The island's vegetation is dominated by the Palo Santo tree and the climate is typically arid. After your visit you will reluctantly return to the Baltra Airport for your flight back to Quito. On arrival you will be transferred to your hotel in the colonial centre for your final evening. (B)
